Registration Number: 041-999NPO

Membership

The *South African Natural Health Practitioners' Board* is a non-profit organizational body, which accredits and controls the traditional, healing modalities and ethno-medicine practices. Its members are responsible for caring for public health in all spheres.

Our Ubuntu Philosophy does not discriminate on the grounds of race, economic influence, social status or gender. It is the flow of life that is the same for every member of the human race. Ubuntu is not only tied to human life. It also concerns itself with respect for animals and the environment. The adoption of such philosophy therefore seeks to create a balance between self and others, as well as between the internal and external.

SANHPB Membership is open to anyone in the field of alternative and spiritual healing, including but not limited to: Natural Healers, Natural Physicians & Natural Counsellors (Theological & AIDS). If you would like to be a part of the growth and development of the Natural Healing field as we know it, please join us and help heal the world!

In terms of the Traditional Health Practitioners Act, 204, No person may practise as a traditional health practitioner within the Republic unless he or she is registered. (21. (1)).
